

Kurt Salzinger, Ph.D. Senior Scholar in Residence, Department of Psychology, Hofstra University, Hempstead, N.Y. 11549

Date of Birth: November 15, 1929

Place of Birth: Vienna, Austria

Citizenship: United States

Education

New York University A.B. 1951 Psychology

Columbia University A.M. 1952 Psychology

Columbia University Ph.D. 1954 Psychology

Certified to practice psychology in the State of New York

Honors

Member of Psi Chi, Sigma Xi

Recipient of the Stratton Award in 1964 from the American Psychopathological Association

Member of Advisory Board, Institutum Philosophiae Naturalis -- a foundation advancing interdisciplinary theory and research

Fellow: American Psychological Association (Divisions 1, 3, 6, 9, 12, 25, 52)

American Association for the Advancement of Science

American Psychopathological Association

Association for Behavior Analysis

New York Academy of Sciences

American Psychological Society

Behavior Therapy and Research Society (Clinical Fellow)

Recipient of the Sustained Superior Performance Award in 1981 given by the NSF

The Journal of Behavior Therapy and Experimental Psychiatry Award for the most meritorious article in 1994

Presidential Scholar, Association for Behavior Analysis 2002

Who's Who in America

APA Presidential Citation 2009

Professional Organizations

New York Academy of Sciences

Chair of the Psychology Section in 1974 and 1975;

Chair of the Section Activities Committee, 1976;

Chair of the Science and Public Policy Committee,

1976-1979; Member of the Board of Governors 1977-1979;

Vice-President 1981-1984; President-elect 1984;

Member of the advisory boards of the sections on Psychology,

Linguistics, and Science and Public Policy 1981-1985;

President, 1985; Academy representative to the Non-governmental organization associated with the United Nations, 1987
Member of the Steering Committee of the Psychology section 2003 -

The American Institute of Science and Technology

Chair 1985

The New York Science Policy Association

Chair 1985

Cambridge Center for Behavioral Studies

Chair of the Board 1986-1988; member of the Board (1988-1991)
Co-chair of the Program Committee, 1989-1990.
Member of the Board (2004 -

American Psychological Association

Program Chair of the Section for the Development of Clinical Psychology as an Experimental-Behavioral Science of the Division of Clinical Psychology, 1977
Representative of the Study for psychological Study of Social Issues on the Behavioral Diagnosis Committee;
Member of the Membership Committee 1980-1981; Chair 1981
Member of the Continuing Education Committee, 1982-1984
Member of the Board of Scientific Affairs, 1986-1988; Chair 1988-1989; member 1996- 1998
Liaison to the Publications and Communications Board, 1987-1988
President Elect of the Division of the Experimental Analysis of Behavior of the American Psychological Association, 1987; President, 1988-1989
Member of the Executive Committee of the Division of the Experimental Analysis of Behavior of the American Psychological Association, 1989-
Chair of the Science Divisions of the Division Leadership Conference, 1987-1989
Liaison from the Division of the Experimental Analysis of Behavior of the American Psychological Association to the Association for Behavior Analysis, 1988-1989
Representative of the Board of Scientific Affairs of the American Psychological Association to the Ontario Science Centre
Council Representative of the Division of the Experimental Analysis of Behavior in the APA, 1989-1991; re-elected 1991-1993; re-elected 2005 – 2008; re-elected 2009 -
Secretary/Treasurer of the Coalition for Academic, Scientific and Applied Psychologists of the APA Council, 1992 Board of Directors, 1993-1996
Board of Scientific Affairs 1996-1998

APA representative to COSSA 1994-1995
APA representative to the section on Psychology of the AAAS 1996
APA representative to Human Capital Initiative in the production of "Reducing Mental Disorders: A behavioral research plan for psychopathology" 1995-1996
Division Representative (Div. 25) to the Golden Anniversary Commission, 1996-1997
President Elect: Division 1, Society for General Psychology, 1998
President: Division 1, Society for General Psychology, 1999
Past President: Division 1, Society for General Psychology, 2000
Member Policy and Planning Board 2000 – 2001, 2009 -

American Association of Applied and Preventive Psychology
President 1996 – 1998

Eastern Psychological Association Board member
EPA representative to the AAAS Section on Psychology (J) 2006
President Elect, 2008
President, 2009 - 2010

Association for Behavior Analysis
Council member 2007 -

Member of the Editorial Board

Journal of Abnormal Psychology (1966-1970)
Journal of Consulting and Clinical Psychology (1971-1973)
Transactions of the New York Academy of Sciences (1974-1975)
Journal of Psycholinguistic Research (1975-)
Origins of Psychology (1978-1980)
Journal of the Experimental Analysis of Behavior (1986-1989)
Advisory Editorial Board of the John Wiley Series on General and Clinical Psychiatry (1986-)
The Analysis of Verbal Behavior (1987-)
The Behavior Analyst (1989-1992)
Behavior and Social Issues (1989-)
PSYCOLOQUY, Experimental abnormal psychology (1991-)
PsycSCAN: Behavior Analysis & Therapy (1994 -)
PsycCRITIQUES-Contemporary Psychology: APA Review of Books 2006 -

Consulting Editor

Science
The Behavioral and Brain Sciences
Journal of Abnormal Psychology
Journal of Applied Behavior Analysis
Behavior Therapy

Canadian Journal of Behavior Science
Psychological Bulletin
Psychological Review
American Psychologist
The Behavior Analyst
Child Development
Journal of the Experimental Analysis of Behavior
Journal of Experimental Child Psychology
Journal of Communication Disorders
Psychiatry
Psychopharmacology
Schizophrenia

Reviewer of Research Proposals

NIMH, NSF, VA Hospital Research System, N.Y. State Research Council, Medical Research Council of Canada

Member of the Power Frequency Field Health Effects Research Science Advisory Panel of the Department of Energy of the U.S.

Consultant to the new Office of Behavioral and Social Sciences Research, NIH

University Activities

At Polytechnic University:

Executive Committee of the Department of Social Sciences
Faculty Governance Committee
Tenure and Promotions Committee
Graduate Curriculum and Standards Committee
Student Conduct Committee
Faculty Nominations Committee
Educational Policies Committee of the Faculty (Chair 1977-1978) (1989-1992)
Executive Committee of the Faculty
Educational Committee of the Board of the Admissions Committee
Safety Committee
Steering Committee for the merging of science and engineering with the liberal arts program
Student Retention Committee
Speaker of the Faculty Senate (1986-1987)
Chair of the Undergraduate Curriculum and Standards Committee (1989-1992)
Member of the IACUC (committee on welfare of animals utilized at the Polytechnic University)
Supervised high school students and high school teachers in special research projects
Freshman advisor (1990-1992)

At Hofstra University:

Intentional Community Planning Committee for the Saltzman Community Center
Department DPC Committee member
Department Tenure Committee member
L. A. Stessin Prize Review Committee
President's Library Committee
Chair: DPC for promotion to Full Professor

Miscellaneous Activities

Member of the Columbia University Health Sciences
General Education Seminar: Task Force on Behavior
Modification and Control (1974-1979)
Judge of Templeton Awards in Positive Psychology (2002)

Work History

1954-1956: Research Psychologist at the Linden Hill School for Disturbed
Adolescents, Hawthorne, NY.
1956-1991: From Associate Project Director to Principal Research
Scientist (1967) New York State Psychiatric Institute
1959, 1960 (summers): Visiting Investigator at the Roscoe B. Jackson Memorial
Laboratory, Bar Harbor, Maine
1960: Lecturer in Graduate Seminar in Abnormal Psychology at Rutgers
University
1959-1970: Lecturer, Psychology Department, Columbia University
1971: Visiting Professor at the City College of the City University of New York
(Graduate Course in Learning Theory)
1961-1999: Research Associate in Medical Psychology, Columbia University
1964-1992: From Associate Professor to full Professor of Psychology
(1968), Polytechnic University (formerly Polytechnic Institute of Brooklyn)
1981-1984: Head, Dept. of Social Sciences, Polytechnic University
1979-1981: Program Officer of the Applied Experimental Psychology Section of
the National Science Foundation (created and managed the section while on leave
from concurrent positions)
1992-2001: Professor of Psychology and Director of the Graduate Program in
Clinical/School Psychology, Hofstra University.
2001: Professor Emeritus
2001-2003: Executive Director for Science, American Psychological Association
2004 – present: Senior Scholar in Residence, Department of Psychology, Hofstra
University

SELECTED PAPERS/POSTERS

Salzinger, K. (1957). An experimental approach to the interview. Paper read at the International Congress of Psychology, Brussels, Belgium. Salzinger, K., Pisoni, S., & Reisel, A. (1959). The identification of response classes in operant conditioning of verbal behavior. Paper read at meeting of the Eastern Psychological Association, Atlantic City, NJ.

Salzinger, K., Pisoni, S., Feldman, R.S., & Bacon, N. (1961). The effect of drugs on verbal behavior. Paper read at the symposium for Control of Verbal Behavior. American Association for the Advancement of Science, Denver, CO.

Salzinger, K. (1967). Some comments on behavior theory: The importance of the stimulus. Behavior Therapies Institute, VA Hospital, Brecksville, OH.

Salzinger, K. (1968). Behavior theory and urban problems. Paper read at the Polytechnic Institute of Brooklyn Symposium: New approaches to the solution of problems in urban communities. Brooklyn, NY.

Salzinger, K. (1968). Verbal behavior and behavior theory. Paper read at the Symposium on Current Problems in Psycholinguistics. New Jersey Psychological Association, Asbury Park, NJ.

Salzinger, K. (1973). Behavior theory: Applied. Paper read at the Symposium on Psychology 1974: Where we are and where we are going. New York Academy of Sciences, New York City.

Salzinger, K., Portnoy S., & Feldman, R.S. (1973). The communicability of essays contrary to their author's beliefs. Paper read at the American Psychological Association, Montreal, Canada.

Salzinger, K. (1974). Applications of behavior therapy. Paper read at the Annual Research Review Symposium of the New York State Department on Mental Hygiene, New York City.

Salzinger, K. (1974). Experimental Psychology's 100th Birthday. Paper read at a Symposium on the History of Psychology. New York Academy of Sciences, New York City.

Salzinger, K. (1975). Language and learning: The future. Paper presented at the New York League for the Hard of Hearing. New York City.

Salzinger, K. (1975). Applications of behavior theory to the problems of the aged. Workshop presented at the 10th International Congress of Gerontology, Jerusalem, Israel.

Salzinger, K. (1975). Schizophrenic behavior as a result of control by immediate stimuli. Presented at the Second International Congress of Collegium Internationale Activitatis Nervosae Superioris. Prague, Czechoslovakia.

Salzinger, K. (1980). Ecolinguistics: Where behavior theory meets cognitive psychology. Invited address at the Annual Meetings of the Association for Behavior Analysis, Dearborn, MI.

Salzinger, K. (1981). The behavioral mechanism and theories of psychopathology. Invited address at the Annual Meetings of the Association for Behavior Analysis, Milwaukee, WI.

Salzinger, K. (1982). Stressful life events: A behavioral analysis. Invited address at the Annual Meetings of the Association for Behavior Analysis, Milwaukee, WI.

Salzinger, K., & Chitayat, D.G. (1983). Stressful life events and reduction in reinforcement frequency. Invited address at the Association for Behavior Analysis, Milwaukee, WI.

Salzinger, K. (1984). The maintenance of verbal behavior. Invited address at the Association for Behavior Analysis, Nashville, TN.

Salzinger, K. (1984). The concept of the behavioral mechanism in abnormal psychology. Paper presented in the Symposium on the Behavior Analysis of Clinical Phenomena at the Association for Behavior Analysis, Nashville, TN.

Salzinger, K. (1985). Verbal behavior. Presented at the Pavlovian Physiological Laboratory, Leningrad, USSR.

Salzinger, K. (1985). Science: The great equalizer. Invited paper presented at the Third World Academy of Sciences. Trieste, Italy.

Salzinger, K. (1985). A behavioral analysis of the verbal behavior of Alzheimer's Disease patients. Invited address at the Association for Behavior Analysis. Columbus, OH.

Salzinger, K. (1985). Intraverbal behavior. Presented at the American Psychological Association. Los Angeles, CA.

Freimark, S., Salzinger, K., McCullough, M.R., Phillips, D.S., Coll, G., & Birenbaum, L. (1985). Effects of 60 Hz electric and magnetic fields on the response rate of adult and pre-perinatally exposed rats. Paper presented at the Bioelectromagnetics Society. San Francisco, CA.

McCullough, M. R., Salzinger, K., Freimark, S., Coll, G., Phillips, D., & Birenbaum, L. (1985). The effect of electromagnetic fields on the behavior of rats. Paper read at the American Psychological Association. Los Angeles, CA.

Salzinger, K., Freimark, S., McCullough, M.R., Phillips, D., Birenbaum, L., & Paduano, J. (1985). The effect of electromagnetic fields on the operant behavior of rats. Paper presented at the Contractors' Review Meeting.

Freimark, S., Salzinger, K., McCullough, M.R., Phillips, D.S., Birenbaum, L., & Paduano, J. (1986). Response rate decrement in rat mothers and offspring after electromagnetic field exposure during pregnancy. Paper presented at the Eastern Psychological Association, New York City.

Salzinger, K. (1986). Invited address: A behavioral view of the cognitive revolution. Association for Behavior Analysis, Milwaukee, WI.

Salzinger, K. (1986). Cognitive problems, behavioral solutions. Invited paper presented at the Verbal Relations Conference in Bad Kreuznach, Germany.

Salzinger, K. (1986). Behavioral analysis in the 1950's: Panel discussion with Joel Greenspoon, Fred Keller, and Murray Sidman. Third Annual Meeting of the Southeastern Association for Behavior Analysis. Savannah, GA.

Salzinger, K. (1986). Verbal behavior. Invited paper presented at the Third Annual Meeting of SEABA, Savannah, GA.

McCullough, M., Salzinger, K., Freimark, S., Phillips, D., Paduano, J., & Birenbaum, L. (1986). Behavioral effect of electromagnetic fields: Short or long lived? Third Annual Meeting of SEABA, Savannah, GA.

Salzinger, K. (1986). Chaired and organized a symposium: The plasticity of the aged. American Psychology Association.

Salzinger, K., & Portnoy, S. (1986). A behavioral analysis of the aged. Paper presented at the American Psychological Association.

Salzinger, K., & Portnoy, S. (1987). Some aspects of the speech of Alzheimer's Disease patients. Paper presented at the International Neuropsychological Society, Washington, DC.

Salzinger, K. (1987). A behavioral analysis of cognition. Invited paper presented at the Association for Behavior Analysis, Nashville, TN.

Salzinger, K. (1987). Pax operant: Peace, delayed reinforcement, avoidance behavior and crocodiles. Invited paper presented at the Association for Behavior Analysis, Nashville, TN.

Portnoy, S., Salzinger, K., Stern, Y., Sano, M., & Mayeux, R. (1987). Hesitation phenomena in Alzheimer's patients. Paper presented at the American Psychological Association, New York City.

Salzinger, K., Portnoy, S., Stern, Y., Sano, M., & Mayeux, R. (1987). Intraverbal control in Alzheimer's Disease. Paper presented at the American Psychological Association, New York City.

Salzinger, K. (1988). The future of behavior analysis and psychopathology. Invited paper presented at the Association for Behavior Analysis, Philadelphia, PA.

Salzinger, K. (1988). Creativity is an oxymoron. Keynote address presented at the Critical Thinking Conference at Fairleigh Dickinson University, Madison, NJ.

Portnoy, S., Salzinger, K., Stern, Y., Sano, M., & Mayeux, R. (1988). Hesitations and word predictability in probable Alzheimer's Disease. Paper presented at the 24th International Congress of Psychology, Australia.

Salzinger, K. (1988). How a radical behaviorist worked in abnormal psychology and found behavior. Paper presented at the American Psychological Association, Atlanta, GA.

Salzinger, K. (1988). Discussant in Symposium: Psychology as the behaviorist views it at 75. Paper presented at the American Psychological Association, Atlanta, GA.

Salzinger, K. (1989). Chair and moderator of a symposium on Behavior Analysis at the Association for Behavior Analysis, Milwaukee, WI. (Members of the symposium were B.F. Skinner, F. Keller and W.N. Schoenfeld).

Salzinger, K. (1989). How to exhibit behavior in a science museum. Paper presented at the Ontario Science Museum, Toronto, Ontario, Canada.

Salzinger, K. (1989). Introduction of Todd Risley's Presidential Address. American Psychological Association, New Orleans, LA.

Salzinger, K. (1989). Organizer and Chair of Symposium: What's in a Name? Take psychology for example. American Psychological Association, New Orleans, LA.

Salzinger, K. (1989). Introduction and discussion of James Holland's invited address on psycholinguistic research. American Psychological Association, New Orleans, LA.

Salzinger, K. (1989). Advocacy. Paper presented at the American Psychological Association, New Orleans, LA.

Salzinger, K. (1990). Nonbehaviorist theories of psychology as subsets of behavior analysis. Invited address at the Association for Behavior Analysis, Nashville, TN.

Salzinger, K. (1990). Animal behavior as an index of the environment, or the miners had a good idea. Paper presented at the Interdisciplinary Conference on the Environment. Hofstra University, Hempstead, NY.

Salzinger, K. (1990). A behavioral analysis of human error. Invited address presented at the American Psychological Association, Boston, MA.

Salzinger, K. (1990). Chair of the symposium: The vulnerability model of schizophrenia. American Psychological Association, Boston, MA.

Salzinger, K. (1990). The road from vulnerability to episode: A behavioral analysis. Presented at the American Psychological Association, Boston, MA.

Salzinger, K. (1990). Human error and the reinforcement contingency. 22nd International Congress of Applied Psychology, Kyoto, Japan.

Salzinger, K. (1991). Memorial to Joseph Zubin presented at the American Psychopathological Association, New York City.

Salzinger, K. (1991). Technology and human error. Paper presented for Downtown Brooklyn Community of Metrotech at the Polytechnic University in Brooklyn, NY.

Salzinger, K. (1991). Discussant: An examination and appreciation of Israel Goldiamond's contributions to behavior analysis. Presented at the Association for Behavior Analysis, Atlanta, GA.

Salzinger, K. (1991). Cognitive therapy: A misunderstanding of B.F. Skinner. Invited address at the Association for the Advancement of Behavior Therapy, New York City.

Salzinger, K. (1991). Human error. Invited address presented at the American Psychological Association, San Francisco, CA.

Salzinger, K. (1991). The diminished relationship between basic and applied behavior analysis: The fruits of success? Invited address presented at the New York State Association of Behavior Analysis, Rhinebeck, NY.

Salzinger, K. (1992). Discussant: Workshop on aspects of the history of psychology in America (1892-1992) at the New York Academy of Sciences, New York City.

Salzinger, K. (1992). The experimental approach to psychopathology. Master lecture presented at the American Psychological Association. Washington, D.C.

Salzinger, K. (1992). Behavior therapy: A history. Invited paper presented at the American Psychological Association. Washington, DC.

Salzinger, K. (1992). Social distress. Paper presented at the University of St. Petersburg, Russia.

Salzinger, K. (1992). Women in psychological research: Subjects and authors. Paper presented at the International Council of Psychology. Amsterdam, Holland.

Salzinger, K. (1992). Discussant: Cognitive and behavior therapy, cross-fertilization or cross-sterilization? Presented at the Association for the Advancement of Behavior Therapy, Boston, MA.

Salzinger, K. (1993). A behavioral analysis of the concept of personality. Paper presented at the Association for Behavioral Analysis, Chicago, IL.

Salzinger, K. (1993). Reinforcement history and other concepts neglected by behavior analysts. Invited address. American Psychological Association, Toronto, Canada.

Salzinger, K. (1993). Participant in President's forum on the future: The second century assembly -- A new vision for psychology. American Psychological Association, Toronto, Canada.

Grehan, P.M., Salzinger, K. & Castaneda, J. (1993) Depressed patients' reactions to incongruent nonverbal behavior. Poster presented at 17th Annual Association for the Advancement of Behavior Therapy Convention, Atlanta, GA.

Salzinger, K. (1993). Human error: Blame it on the machine or to err is human but to avoid it is better. Invited address presented at Federation of Behavioral, Psychological and Cognitive Sciences, Washington, DC.

Salzinger, K. (1994). A behavioral-analytic view of anger and aggression. Invited address presented at American Psychological Association Convention, Los Angeles, CA.

Grehan, P., & Salzinger, K. (1994). Frequency and sequential analysis of depressed patients' behavior in planned interactions. Presented at Association for the Advancement of Behavior Therapy Convention, San Diego, CA.

Hyatt, Lauren F., Terjesen, Mark D., Scuitto, Mark J., and Salzinger, K. (1994). Poster presented at Association for the Advancement of Behavior Therapy Convention, San Diego, CA.

Salzinger, K. (1994). How shall we measure human reinforcement history. Invited address presented at the Association for Behavior Analysis, Atlanta, GA.

Salzinger, K. (1994). Participant in the APA Assembly of the 21st Century Conference convened by invitation of the President. Washington, D. C.

Salzinger, K. (1994). Psychopathology and how to study it. Texas State Psychological Association, Houston, Texas.

Salzinger, K. (1995). Psycholinguistics through behavior analytic lenses. Invited address presented at the Association for Behavior Analysis, Washington, D. C.

Todaro, J., McKay, D., Salzinger, K. (1995). An operant approach to panic disorder with agoraphobia. Association for Behavior Analysis, Washington, D. C.
